Dear Mr. Fellegi,

Thank you so much for opening your home to our Tour Group, and for inspiring us with your beautiful piano recital. I have never heard such expression of emotion in a piano performance, as I heard last night. Your ability to engage and communicate with the audience is a very special gift. The venue of your apartment provided such a warm, intimate atmosphere that I will always remember. Last night was the high light of my time in Budapest.

Again many thanks - and warm regards.

Sincerely,
Barbara August
